VIRGINIA JENKINSON

We should like to call attention to the last of several articles based on a year spent in Europe written for the NEWS by Virginia Pittinger. We have been happy to present the work of this promising writer whose discerning mind has given us such a well balanced account of conditions as she saw and experienced them in faraway lands.

Mrs. Pittinger often displays great ability to make prose sound like poetry and many of her sentences have a poignant beauty about them. We think that the final portion of her work which is found on page 2, combines the qualities of mature thinking, a genuine feeling for people and the talent to project her thoughts in a smooth style which is at once readable and memorable.

Dollar Days are just around the corner and many merchants have already done the special buying which always makes this event one to be anticipated with great interest. . . the dates are Sept. 16, 17, 18.

The "Buy a Rose" campaign to help raise funds for a float to be entered in the Tournament of Roses is a good one, we think. It gives everyone an opportunity to make his contribution to an event which was regrettably miscalculated last year. The "Buy a Rose" day is of particular interest to us as the suggestion was first chronicled in this column last year based on a remark made by a member of the ministry. The dates are Sept. 24 and 25!

Around the Square

By VERA H. LUMBARD

Chamber of Commerce has been looking for a zingy—but appropriate—slogan for Sierra Madre. In our opinion, Harold Roberts is using one in his advertising that suits this village to a T: "LARGE ENOUGH TO SERVE YOU — SMALL ENOUGH TO KNOW YOU."

Must be a powerhouse of talent at that Colord corporation. The staff, headed by a Scotsman, effortlessly tosses off snappy names for its products that a top New York ad. account exec might well be proud of. It's cheaper this way, too. There's Aqua SAVE, the fine-spray watering system guaranteed to water your plants properly and save water—and money!

There's "Scotch Mist," name for an outdoor cooling system. The name certainly is suggestive of "coolth," particularly to those who know their spirits and a certain drink which requires a quantity of shaved ice and—another ingredient. When the manufacturers found the cooling system was in demand for lowering temperatures in poultry houses to keep the chickens from getting the pip or feather-droop or something they came up with "IT'S FOR THE BIRDS!" That's a name, not a comment.

When Newell Barrett, attorney about town, politely asked members of the Community Chest Board of Directors if each had received copies of the by-laws he had mailed them, he quickly learned that bulky envelopes with ATTORNEY AT LAW in the upper left-hand corner can cause talk, particularly in families where portentious-looking documents from lawyers are not every-day items.

Seems several husbands and wives had some explaining to do when their spouses saw the mail.

One woman found that her husband didn't wait for her, he ripped open the envelope in obvious haste to find out who was suing for what.

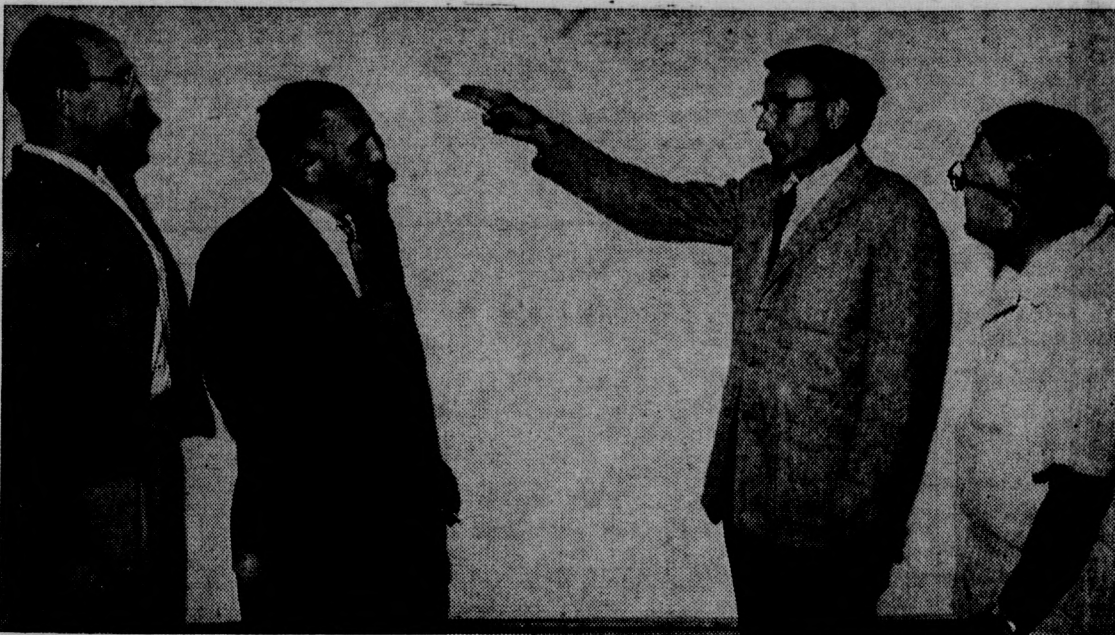

THIS member's husband handed over the envelope with the words:

"Hmmm. Divorce?"

Have'n't yet decided whether he looked sad . . . or glad.

PLANNING MEETING

A regular meeting of the Planning Commission is scheduled for 8 p.m., Thursday, Sept. 9th, in the City Hall.

CIVIL DEFENSE REORGANIZATION in Sierra Madre is moving forward under the direction of John E. Conzelman, pictured above as he points out areas on a City map to (left to right) F. Joseph McCormack, public information director, Reggie M. Bolt of Pomona, new CD coordinator for 11 Valley cities, and Dan D. Strite Jr. (extreme right), assistant to Conzelman. Mayor Charles E. Louk, not pictured, is official CD director here with Conzelman as associate.

Talent Contest Top White Cane Day Event

Lions Tell Plans for Two Gala Nights in Town Square

The Sierra Madre Lions Club is going to give MORE than miniature white canes to contributors to the club's annual Sight Conservation Fund Drive Sept. 17 and 18.

There will be FREE entertainment in Kersting Square both of those nights and an opportunity for talented youngsters and adults to compete for four worthwhile prizes.

These plans were disclosed in detail this week by Emery Johnson who heads up the committee for the event under the ex-officio chairmanship of Frank Barbour, club's second vice-president.

Contest Finals Saturday During the evening business hours Friday, Sept. 17, there will be a preliminary judging in the Square in an Our Town Talent Contest, at which time four judges will select the top 10 acts to compete in finals the following night, Sept. 18. Six judges will select the final four prize-winning contestants or group of contestants.

In addition, the committee reports, there will be some "first class" professional type acts that night. The Chamber of Commerce is working with the service club in arranging for the gala two-night event in the Square to stimulate the White Cane sale. From funds raised in this fashion in previous years, the club has provided the City School with eye testing equipment.

San Diego Wins Pennant Lil' Coast League Ends 1st Season of Play

By BOB BROGGER
Sports Editor

The 1954 season of the Sierra Madre Little Coast League is over. It was the first league play here for overhand ball players between the ages of 9 and 12 years.

San Diego, the team that was on top of the league all season won the pennant with a brilliant record of 11 wins and 4 losses. For awhile it looked as though Hollywood was going to take first place, but they couldn't quite squeeze by the powerful San Diego squad.

Members of the championship overhand ball team are: Mike Weston, Dale Trowbridge, John McRoberts, Douglas Morris, Ronny Franzen, Bill Burke, Jim Kelleher, Sandy Marchetti, Richard Nakano, Bill Kinstle,

Chamber Announces Coming Promotions

Dollar Days Tops List

The 1954-55 promotional events calendar of the Chamber of Commerce was announced this week by Anthony Cavalli, secretary-manager of the civic group.

First is the Dollar Day promotion scheduled for Thursday, Friday and Saturday, Sept. 16, 17 and 18. Next on the list is a Spring Opening. Later in 1955 will be Red Tag days and pre-Christmas Open House.

The NEWS issue of Sept. 16 will carry a large number of Dollar Day ads for the merchants participating in this event which is always one of the largest and most-looked-forward-to sales events of the year.

Don't forget this year's dates —Sept. 16, 17 and 18—

ENTRY DEADLINE TONITE FOR TENNIS TOURNAMENT SUNDAY

W. J. Owen, 20 West Mira Monte, who is coordinating plans for a tennis tournament Sunday, Sept. 5 at City Park commencing at 10 a.m., reports that a number of entries have been received.

He adds that entries, which must be in writing, will be received by him at his home as late as tonight. Players will be determined by drawing which the contest sponsors will conduct tomorrow night.

Mills Waives Hearing; Arraignment in Superior Court Set for Sept. 15

Edgar N. Mills, arrested Aug. 19 in Hollywood on four counts of issuing checks in Sierra Madre without sufficient funds, waived preliminary hearing set for last Thursday in Pasadena Municipal Court. His arraignment in Pasadena Superior Court was set for Sept. 15.

Mills had given an address on South Hermosa St. here in cashing checks at Roberts and Safeway Markets here, it was reported to police.

Sale of Real Roses Plan of Float Group

Fund Raising Set For Sept. 24-25

Sale of real roses Sept. 24 and 25 in the town's business area will be the Sierra Madre Float Association's first step in fund raising to "float a float" for the New Year's Day Tournament of Roses Parade.

At a meeting of the association's finance committee last week in the home of Mr. and Mrs. William M. Hawkins Jr., Murray Owen and Terry Chambers were named to a committee of two to supply the lapel roses which will be exchanged for contributions to the float fund. Persons contributing \$1 or more at that or at any time will be enrolled as members of the Float Association.

Mrs. Mark J. Schaefer and Mrs. Ronald Merritt will line up volunteer rose vendors to cover the shopping area during business hours Friday night, Sept. 24, and all day Saturday, Sept. 25.

Deadline in the association's contest to select a famous saying to depict in flowers for the parade was yesterday. Mac A. Cason, chairman, was reported to have received more than a score of entries.

R. C. Lewis, president of the Bank of Sierra Madre, is treasurer of the Float Association and contributions to the float fund will be received at the bank.

Harry Howard has been named publicity chairman.

Little Theater Group Plans 2nd Meeting

A group of Sierra Madreans interested in formation of a Little Theater group to sponsor frequent summertime entertainments in the new City Park amphitheatre will hold its second meeting at 7:30 p.m., Tuesday, Sept. 7, in City Hall.

Ralph M. ("Pappy") Welch heads a temporary committee which met in the park Saturday morning to formulate organization plans. It is the group's purpose to plan amateur and professional variety programs for those Friday evenings on which there will be no band concerts next summer.

Concerts in Park Season Ends Sept. 17

The Sierra Madre band's next-to-the-last outdoor concert in City Park Friday night attracted a comparatively small but responsive crowd of 400 persons, many of whom just the week before had turned out to welcome the Pomona band here.

Lions Club refreshment stand volunteers cleared about \$10 for the band's incidental expense fund.

Closing concert of the season—"under the stars" at least—will be Friday night, Sept. 17, according to Stanley Coutant, band committee chairman. Roger Gray of El Monte continues as director. The band may move indoors for occasional fall and winter concerts in City School auditorium.

The Sierra Madre band also will play again this year at the Los Angeles County Fair at Pomona on Sept. 24th in the Amphitheatre. The Fair will be in progress Sept. 17-Oct. 3.

FORMER SIERRA MADREAN'S COLT DEL MAR WINNER

Musselshell, a colt bred, owned and trained by a former Sierra Madrean, Jim Sinnott, distinguished himself and his owner by winning the \$7350 Del Mar Derby last Saturday.

Sinnott, a resident here for many years, now operates a small farm near Ontario. His homebred colt was sired by Kahled and his dam was Anokakia, last of Lucky Baldwin's brood mares owned by the late Anita M. Baldwin, according to Percy L. Bonebrake. Her homeplace and ranch formerly were located where Anokakia school and Sanita Anita Oaks are now.

100 Percent Goal for Voter Registration Week

Proclamation

Registration Week Set Here

This great nation of ours is a Democracy. Since a democracy is dependent on every citizen's expressing himself in the sanctity of the voting booth, it then becomes the duty of each of us to protect and exercise our eligibility to vote in all elections.

There will be a General Election in November.

Since many did not vote in the last General Election and since some have moved since said election or for other reasons must re-register before Sept. 9 in order to vote in November.

I, therefore, proclaim the Week of Sept. 2 to Sept. 9, inclusive, to be

REGISTRATION WEEK IN SIERRA MADRE.

Charles E. Louk,
Mayor.

Newell Barrett Heads Community Chest Drive Pratt Named Co-Chairman; Board Sets Quota Sept. 8

Samuel I. Kirk, president of the new Sierra Madre Community Chest this week announced the appointment of Newell Barrett as campaign chairman for the October fund drive, and Lorne B. Pratt as his co-chairman.

Kirk has called a meeting of the entire board of directors for Wednesday, Sept. 8, in City Hall to hear the report of Colonel Charles R. Gildart's Budget and Admissions Committee which has been meeting during the summer. Applications of the eight local agencies formerly included in the Kiwanis Club Community Fund which the Chest organization replaces, have been studied and hearings held on their fund requests.

It has been established that the eight agencies will receive support from the Chest's first fund drive in Sierra Madre but the total amount of funds to be raised is subject to the board's approval next week. The eight agencies include: Girl Scouts, Boy Scouts, Camp Fire Girls, Santa Anita District YMCA, Family Service of Sierra Madre, Civic Club Toy Loan, Community Nurse Association and the Community Nursery School.

Completing the Campaign Committee headed by Barrett and Pratt are Judge John C. Mead and Mrs. George Osborn. Col. Walter D. Thurber has been appointed by the president to handle publicity and public relations.

The personnel of Col. Gildart's Budget and Admissions Committee included: Walter H. Goodwin, Francis Barbour, Mrs. Percy C. Kortkamp, Albert J. Paus, Donald Mon, Col. Thurber, Mrs. P. R. Woodworth and Mrs. Elizabeth P. Masters.

BLACK EYE ONLY INJURY RECEIVED BY LUCKY PILOT

One black eye is the only injury received by 1st Lt. Richard L. Reichard of Sierra Madre who parachuted to safety from a burning T33 jet training plane Sunday night near Las Vegas, Nev.

Reichard, age 31, lives at 261 N. Grove here and is the brother of Emerson Reichard, 590 N. Auburn. Before moving to Sierra Madre a year ago he had been stationed in Georgia as a jet all-weather fighter-pilot instructor. He is now employed by an aircraft accessories plant in Glendale and is a member of the Air National Guard.

At Nellis Air Force Base for two weeks training with his Guard unit, he had just taken off from the base when his plane caught fire.

INCINERATOR BLAZE CONTROLLED

Fire call Monday was to a residence at 383 W. Sierra Madre Blvd., where an incinerator fire had gotten out of control. Firemen extinguished the fire with a garden hose.

To encourage the 100 per cent registration of Sierra Madre eligible voters, Mayor Charles E. Louk has designated the week of Sept. 2 to 9th, inclusive, as Registration Week.

Along with this, other public spirited citizens and deputy registrars here are providing registration desks at conveniently located points in the business areas and have arranged to register sick and elderly persons in their homes if so requested.

Deadline Sept. 9

The deadline for registering or re-registering in order to vote in the November General Election is Sept. 9.

Deputy Registrars James B. Lester (Custer 5-3925) and Mrs. Josephine E. Marr (Custer 5-0939) will go to the homes of bed-ridden persons or those otherwise unable to get about, to register them if requested.

At a table in Kersting Square, probably the bank corner, Deputy Registrar Grace R. Vane will register voters starting at 10 a.m. today and continuing daily except Sunday, through next Thursday.

Register at Market

There will be a voter registration desk at Roberts Market. Mrs. Bernice Thew will be on hand for registration there from 10 a.m. to 1 p.m. and from 3 to 6 p.m. daily except Sunday. James Lester will accept registrations there during the Friday evening business hours, 6 to 9 p.m.

A registration table will be staffed at the Sierra Madre Postoffice from 3 to 6 p.m. each day except Saturday and Sunday by Mrs. Josephine Marr. Other addresses at which eligible voters may register are: City Hall—55 W. Sierra Madre Blvd., Custer 5-1418.

Mrs. Ruth H. Custer—68 West Mira Monte, Custer 5-0651. Mrs. Hazel Woodward—99 Suffolk, Custer 5-1296. Mrs. Patricia Colbert—329 W. Highland, Custer 5-0522.

Persons who should register are new residents in Los Angeles county provided they have required qualifications, and those who have come of voting age.

Those persons who have changed their name or their address or wish to change their party affiliation since last registering, are required to re-register. Re-registration also is required of residents who did not vote in either the direct primary or general election in 1952, in order to vote in November.

Engineers Reject Debris Basin Bids; Re-Advertise

Flood Control Meeting Held

Later developments on the proposed construction by Army Engineers of debris basins in three Sierra Madre canyons supersede reports given at a flood control progress report meeting held in City Hall last Thursday.

The Los Angeles District office, Army Corps of Engineers now reports that the only two bids received Friday, Aug. 27, on construction of debris basins in Auburn and Carter canyons and enlargement of the Bailey canyon basin were rejected as being more than 25 per cent above the government estimate of construction costs.

Army Engineer Reports

Lieut. Col. Robert N. Swartz, acting district engineer, says that identical specifications still calling for completion dates of Dec. 15 and 31 are being advertised again and will be opened Sept. 9 at the district engineers' offices, 751 S. Figueroa.

Lowest of the two bids received Aug. 27 was that of \$327,013 for the three projects submitted by T. M. Page of Monrovia. This was 31 per cent above the estimated cost of \$249,621. Government regulations provide that bids must be rejected if more than 25 per cent above estimated cost.

Col. Swartz was among key men in Sierra Madre's flood control problems who attended

North Lima Street residents were persistently interested in information regarding the possible removal of the crown on the upper portion of their street. They were told by City Administrator Lawrence Bevington that the City is studying legal and technical aspects of the problem. He reports that modification rather than complete inversion of the crown may be considered.

Army Engineer representatives gave the following projected schedule for completion of channels in the Flood Control District's comprehensive, long-range plan for control and conservation of flood waters: Rio Hondo River to Huntington Drive—1955; Huntington Drive to Bailey, Auburn and Floral canyons—1956, and branch to Carter canyon—1957.

Citizens attending the meeting included: Dan Strite Jr., Paul Baumann (North Auburn resident, also assistant engineer, L. A. Flood Control District), R. H. Ohs, Rudolph Hartman, William E. Harris, Dr. Leo A. Heller, J. B. Thompson, P. S. Chase, Mr. and Mrs. P. Clayton, Mrs. L. O. Beam, Mrs. Percy C. Kortkamp, Lillian Young Roess, H. C. Brandt, Oskar Selling, E. L. Cates, Mr. and Mrs. C. M. Winbiger, Mr. and Mrs. Gale Hersey, Mr. and Mrs. Leon Dame and David Nelson.

Lee Shippey asks

What Do You Think?

When my two fig trees began to produce abundantly I was delighted, but not half as delighted as the birds. They swooped in by flocks and cov-eyes, and apparently they have a rule forbidding any two birds to peck the same fig or peach or whatever, or from taking more than one peck from each one they sample. But that reminded me of Albert Barlow, good gardener and good citizen who died a few weeks ago. Mr. Barlow didn't go in for any fancy stuff. He simply cut round discs out of the tops of tincans, punched holes in them and hung those bright discs in all his fruit trees. They were so thin a very light breeze would make them turn and flutter, shooting bright reflections in all directions, and they scared the birds more than fly-

ing saucers scare imaginative citizens. I know that if I were as wise a man as Albert was I would have done the same thing a couple of years ago and wouldn't have to worry about the birds now. I suppose I'll never get around to doing it. But I doubt that I shall ever see birds pecking away at fruit without thinking of Albert Barlow, and it is always pleasant to remember a good citizen.

I suppose birds have been the farmer's best friends and most annoying enemies ever since man became civilized enough to plant crops. The scarecrow must have been invented before the dawn of history—and birds quit being scared by it centuries ago. I suspect the only scarecrow which really worked in recent

times was the one invented by Harry Hawthurst of Sierra Madre, who might have become a famous inventor if he hadn't chosen art. Harry invented a mobile scarecrow, propelled by water pressure when he irrigated, if I remember correctly, which would whiz from end to end of his garden, flapping its arms and frightening the birds away to safe distances. That was only one of Harry's inventions. He had several which, properly commercialized, might have made him rich. But I wonder if he hasn't got more fun and known far more creative joy from being an artist than he ever could have got from being rich.

Because last year our Chamber of Commerce declined to back the Tournament of Roses float, some persons are saying harsh things about our merchants. That is entirely wrong and unwise. Our merchants are our friends and neighbors and the persons most vitally interested in the welfare of our city. Some of them merely got annoyed by being called on to put up the money for all community activities, and felt the other citizens should bear a bigger hand in such efforts. Doubtless most of our merchants will be just as glad as any of us to see a Sierra Madre float in the most famous annual parade in the world, and will be glad to contribute to it. And certainly it is going to take the cooperation of all of us to do the thing right. I said we must all act like citizens, not merely like residents. Our merchants are just as much citizens as you and I are—and we are just as much citizens as they are. Or, at least, that's the way it should be.

I wrote the first paragraph of this column hoping it would bring some comfort to Mrs. Barlow. Then last week's paper told of Mrs. Barlow's death. It never pays to put off any friendly thing one thinks of doing.

Remote Countries Remote No Longer as Writer Recalls Friendships Acquired There

A travel journal ends with this, the summation of a Sierra Madre couple's 18 months of touring, living and observing in countries of Europe. Their travel letters from abroad and additional articles since their return last spring, published in *The NEWS*, have brought many favorable comments from NEWS readers—Ed. Note.)

By VIRGINIA PITTINGER

On March 15 we sailed from Gibraltar, the circle of our journey about Europe complete. We have traveled many roads—talked to many people, seen many strange and wonderful things.

Greece will never again be that remote little country at the other side of the world. It will be Kalliope and Alex and Eleni—the Iatrous, the Demases and the Rebous. Spain—even Franco's Spain—will be closer because now it is the warmth of Emilio and Popila, of Maria Theresa and Santiago. Belgium will no longer be just scarlet poppies in Flanders' fields, but the sweetness of the Van Recks and the friendliness of the Walwycks. And England will be always more than an island of legendary courage for it has become the stability of the General—the simplicity of the Bilzards—and the vigor of the Nelsons.

We know now what we only believed before—that the world is people—individuals who are born and suffer and love and

hope and die—the same as we. The world is fathers who want to work, mothers who want to care for their families, children who want to grow—in freedom, in dignity and in peace. It may get all mixed up with politics and social strata, it may get thoroughly confused by distances and languages and economic standards. But, if you are willing to climb above the fog of superficialities, you will come upon the undistorted peak of truth—the world is you—infinite multiplied, marvelously diverse, eternally varied and spiritually one.

LOCAL, DISTRICT DEMOS REPUDIATE WILLIAM BONELLI

Following the lead of Richard Graves, candidate for Governor, and the State Democratic Council, the Democratic Council of the 48th Assembly District met in Altadena last week and unanimously voted NOT to support the candidacy of William G. Bonelli for Board of Equalization.

The resolution, composed by Newell Barrett of Sierra Madre, did not mention Mr. Bonelli by name but stated that the Coun-

cil would support only those candidates endorsed by the State, Congressional District and Assembly District Councils. The 48th District Council is made up of clubs in Monrovia, Sierra Madre, Hastings Ranch, Altadena, La Canada and La Crescenta. The action means that Peter Hazell, candidate for Assembly, and William Roskam, candidate for Congress, will not appear on any slate including Bonelli.

Registrations of persons who did not vote in either the direct primary or general election in 1952 are cancelled. You have until Sept. 9 to re-register to vote in November.

Predictions! Predictions! Predictions!

Well, here's what you've been waiting for—
I predict:

1. That Ezzard Charles will beat Rocky Marciano for the heavyweight title on Wednesday, Sept. 15.
2. That Notre Dame will go throughout the season with only one defeat.
3. That San Diego will win the Pacific Coast League pennant from the "lucky" Hollywood Stars.
4. That the New York Yankees will come from behind to win the pennant and the World Series.
5. That little Patty Stetson will win the decathlon up at the Canyon Pool.
6. That Stanford and Michigan State will play in the New Year's Day Rose Bowl game.
7. That Muir High school will defeat Pasadena High school in football this year.
8. That Don Hall, freshman for Pasadena High, will make the All-CIF football squad.
9. That most of these predictions will be wrong.

At the end of last week Patty Stetson, age 13, was in the lead in the decathlon being held at the Canyon Pool with 3100 points. "Pudgy" MacDonnell was right behind her with 2200. Then coming up strong was little Mary Higgins who had a total of 2100.

Have you heard about the new picture that's strictly for adults called "From Here to Maternity"?

Arcadia Rainbow Girls Have Theatre Benefit

Betty Seaholm, 391 W. Grandview, and Cindy Storton, 390 W. Highland, were recently initiated into the Rainbow Girls of Arcadia No. 131. This organization is sponsored by the Masons and the Eastern Stars.

Both of the girls took part in last evening's benefit at the Pasadena Playhouse. Proceeds from this evening at the theater will be given to the Arcadia Hospital Building Fund.

Have you changed your address recently? Be sure to re-register to vote in the November election.

Canyon Pool Decathlon Going Strong

The Sierra Madre canyon pool decathlon is going strong with 13-year-old Patty Stetson in the lead. That is, she was at the end of last week. She had a total of 3100 points. Her closest rival was "Pudgy" MacDonnell with 2200. The decathlon doesn't end until Sept. 11, so anybody can still win.

According to Mrs. Audrey B. Smith, pool manager, they will close the season and the decathlon on the night of Sept. 11 with a swimming pageant. Kids who participated in the decathlon and some of the better swimmers who took lessons from Mrs. Smith will take part in the gala event.

Also there is going to be a little beauty in the beautiful pageant. A King and Queen will reign over the evening's festivities. The voting is being done in this way: Anybody who goes swimming in the pool can vote. The person is allowed only one vote per day. The voting will stop a few days before the swimming pageant. Naturally, the King and Queen must have taken part in the decathlon and must be 13 years of age or over. (The Queen will NOT run for the Miss Universe title next year.)

"Emergency Polio Money Must Be Mailed, No Neighborhood Canvass": Chairman

Mrs. Julius Hammerschmitt, chairman of the local emergency March of Dimes drive, urges all Sierra Madreans who have not yet done so to fill and mail their contribution envelopes as there will be no house-to-house canvass in this emergency campaign.

Mrs. Hammerschmitt is a member of the Civic club which sponsors the annual March of Dimes solicitations in Sierra Madre.

"If you cannot afford a dollar, send a dime or any other small amount. Everything counts in the fight against polio," Mrs. Hammerschmitt stated.

Dr. Donald W. McCormack, in behalf of the Sierra Madre Exchange Club, is assisting in the drive by seeing that polio poster containers are distributed in the area.

The only house-to-house calls in Sierra Madre have been by small children, determined to help their mothers in the solicitation, who have collected small sums in their own neighborhood blocks, Mrs. Hammerschmitt mentioned.

ORDINANCE NO. 547

AN ORDINANCE AMENDING SECTION 14 OF ORDINANCE NO. 469, AS AMENDED, WHICH ORDINANCE WAS ADOPTED JANUARY 27, 1948, RELATING TO THE SUBDIVISION OF LAND IN THE CITY OF SIERRA MADRE.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. That Section 14 of Ordinance No. 469 as amended of said City of Sierra Madre, entitled, "AN ORDINANCE OF THE CITY OF SIERRA MADRE ESTABLISHING IN SAID CITY, RULES, REGULATIONS AND STANDARDS FOR THE SUBDIVISION OF LAND AND FOR THE PREPARATION AND PRESENTATION OF SUBDIVISION MAPS, AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF," adopted January 27, 1948, be, and the same is hereby amended to read as follows:

SECTION 14. PERMISSION TO DIVIDE LOTS.

When an owner or subdivider desires to divide one or more lots so as to create not more than four new lots and does not wish to record a subdivision map as provided by this Ordinance, and when no dedication of streets, alleys or other public ways or easements are involved, it shall be done in the following manner:

(1) An original and three prints of a map showing the proposed lot division shall be prepared by a registered civil engineer or licensed surveyor and such maps shall be filed with the City Planning Commission.

(2) The map shall show the exact dimensions and bearings of each line, any monuments set, existing structures and any other essential engineering data.

(3) If the map complies with all of the items required in (2) above, the Planning Commission may approve the division, provided the division complies with the following conditions:

(a) Curbs, sidewalks, paving and other improvement deemed necessary by the Planning Commission may require the property owner to furnish a surety bond or deposit of money with the City Clerk or a responsible escrow agent approved by the City Council, in an amount equal to the cost of the work or improvements required as estimated by the City Engineer.

(b) Separate and individual sanitary sewage facilities and connections shall be made to each lot created.

(c) All lot sizes shall conform to the provisions of the Zoning Ordinance.

(d) That no lot in such proposed subdivision may be subject to flood or inundation.

(e) That the lots conform generally to the requirements prescribed for a subdivision of five lots or more.

(f) That each lot resulting from such lot division shall have access thereto by a firm easement not less than twelve feet in width, having unhampered accessibility for vehicles and otherwise deemed adequate by the Planning Commission.

(g) That no division be permitted that will block the development of adjacent property until adjacent property owners so affected have been given notice of the proposed division and it is determined by the Commission that no alternative design is practicable.

(h) Approval of the submitted map by the Planning Commission shall be final approval and one copy of the map as approved shall be kept in the files of the Planning Commission, one copy in the files of the City Engineer and one returned to the subdivider with a certification of approval thereon.

(i) If the map does not comply with the items specified in items (2) and (3) above or if the subdivider does not wish to comply with the requirements of this Ordinance, as herein set forth the map shall be forwarded to the City Council for final determination. The map shall then be certified by the City Clerk as having been approved by the City Council

and such action shall be final approval.

SECTION 2. The immediate adoption of the foregoing Ordinance is urgently required in order to clarify certain ambiguities that presently exist in the Ordinance in force, assure the orderly division of land in accordance with existing standards and practices and to preserve the public peace, health, safety and general welfare.

SECTION 3. The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper published and circulated in said City and thereupon and thereafter the same shall take effect and be in force.

ORDINANCE NO. 548

AN ORDINANCE AMENDING SUBSECTION (g) OF SECTION 7 OF ORDINANCE NO. 469 OF THE CITY OF SIERRA MADRE, ADOPTED JANUARY 27, 1948, RELATING TO THE SUBDIVISION OF LANDS IN SAID CITY.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. That subsection (g) of Section 7 of Ordinance No. 469 of said City of Sierra Madre, entitled, "AN ORDINANCE OF THE CITY OF SIERRA MADRE ESTABLISHING IN SAID CITY RULES, REGULATIONS AND STANDARDS FOR THE SUBDIVISION OF LAND AND FOR THE PREPARATION AND PRESENTATION OF SUBDIVISION MAPS, AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF," adopted January 27, 1948, be and the same is hereby amended to read as follows:

(1) LOT SIZE.

(a) Lot areas shall be such as will conform to the standards of development as defined by the Zoning Ordinance and other precise plans adopted pursuant to law, provided that greater lot areas may be required and further provided that the minimum lot area shall be 7500 square feet. If exceptional or special circumstances apply to the property because of limited size, unusual shape, extreme topography, dominating drainage

problems, or the impracticability of employing a comprehensive plan or lay-out by reason of prior existing recorded subdivisions of contiguous properties, lesser lot area to permit the proper utilization of lands may be permitted.

(2) The width of lots shall be such as will conform to standards of development as defined by the Zoning Ordinance or other precise plans adopted pursuant to law, provided the minimum width of interior lots shall be 60 feet. Corner lots shall have a minimum width of 70 feet. Irregular shaped lots shall be subject to individual determination by the City.

(3) Lots having no frontage on a public street may be cause for disapproval of any subdivision.

SECTION 2. The immediate adoption of the foregoing Ordinance is urgently required in order to clarify certain ambiguities that presently exist in the Ordinance in force, assure the orderly division of land in accordance with existing standards and practices and to preserve the public peace, health, safety and general welfare.

SECTION 3. The City Clerk shall certify to the adoption of this Ordinance and shall cause the same to be published once in the Sierra Madre News, a weekly newspaper published and circulated in said City and thereupon and thereafter the same shall take effect and be in force.

The foregoing Ordinance was adopted at a regular meeting of the Council of the City of Sierra Madre, held on the

ED MEYER

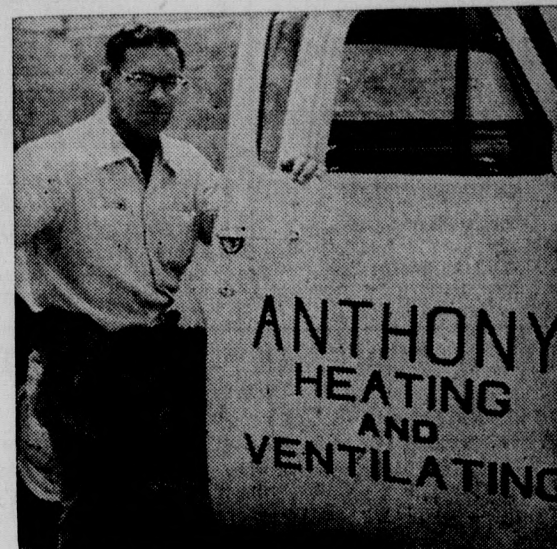

Meyer Television
282 West Sierra Madre Blvd.

MANY A GHOST in television reception has been tracked down and evicted by Edwin G. Meyer, owner and engineer at Meyer Television, 282 West Sierra Madre Boulevard. Ed, who was born in Chicago, has been studying the eccentricities of television ever since the two letters, TV, became a symbol of the world's most modern form of entertainment. Although it all began as a hobby, stemming from the many years he spent in investigating the mysteries of radio, the job of supplying a constantly improving television reception to Sierra Madres and their neighbors had become Ed's full-time, all-the-time business. . . . While attending Northwestern University, Ed thought of becoming a doctor until a job offered by a machine manufacturer seemed to set a more practical course. When it led him to Rochester, N.Y., where he later worked for the Eastman Kodak Company in an experimental division, he had occasion to visit his brother, Dwight, who was in a hospital attended by a beautiful nurse. Her name was Helen—and Dwight evidently made the mistake of getting well too fast, because Ed took over and married her in August of 1941. . . . As for honeymoon jokes,

they've heard just about every old chuckle in the book—considering that they went to Niagara Falls. Back in Rochester, Ed later joined International Business Machine for more experimental work before a Navy engineering job took him to Vallejo, California, in 1945. From there Ed's occupation moved to Aerojet in Azusa for almost a 6-year job, while Helen went in for housekeeping in Sierra Madre. . . . Although her hobbies are oil painting and leather work of the kind that won first prize in the Los Angeles Hobby Show of 1952, Helen has had something of a career in rearing four children: Bob, who is now 12, John, 11, George, 8, and Ruthann, 6. With all this going on, Ed built a radio workshop in the garage that soon became a professional repair and manufacturing plant for almost anything having to do with that new and wonderful thing called TV. When the local demand for his television services indicated a fulltime job, Ed went into business here May 10, 1952. . . . Because of his pioneer work in the installing of TV antennas within this vicinity, Ed's business has grown to where he is now assisted by Mrs. Hil Johnson, office manager; Allan Fisher and Donald Black, technicians, and Donald Scoley, TV installer.

ANYONE WHO HAS SUFFERED with the heat this summer obviously is not well acquainted with the Anthony Heating and Ventilating Company, 187 West Sierra Madre Boulevard. Although the word "heating" may sound out of place for summer needs, the versatility of the organization is such that it can help almost anybody, or anything, to "blow from hot to cold"—or, better yet, to stay at just a comfortable temperature in between! . . . The man in charge is Lester Anthony, a Kansan who was born in Fort Scott but went through most of his school years in Horton, same state. His Dad, who is well known here as A. D. "Pop" Anthony, was a rail-roader with the Rock Island who found California much to his liking—all of which helped Les to make his residence in Sierra Madre in February, 1938. . . . After Les was graduated from Wilson Junior High in June of the same year, he helped "Pop" run the Auto Laundry here. Having studied mechanical engineering, he found a job with "Holly"—a furnace manufacturer in South Pasadena—until 1942, before moving to Royal Heaters in Alhambra. . . . In the meantime, he had met a girl outside the Canyon grocery store by the swim-

ming pool one evening in February, 1940. Her name was Margaret Knowles. She was from Lincoln, Nebraska; her sister, Betty (Mrs. Warren) Johnson, is co-owner of Fashion Future; and her Dad, Earl Knowles—as almost everybody knows—works for the Water Department. Small world! . . . So Margaret became Mrs. Lester Anthony in September, 1942. Less than two years later, Les became an engineer aboard a Navy transport that saw action in the South Pacific, including Iwo Jima and Okinawa. After his boat landed some of the first occupational troops at Japan, Les returned to Sierra Madre in March, 1946. Since then he has worked for Heatronics, Inc., in Pasadena, and then in his own business with two partners, also in Pasadena. This year, however, he decided to form his own company in Sierra Madre, where he is making his home not only with Margaret, but also Steven 9, Paul 6, and John 3. . . . With the help of Miles Smith, Ray Hamilton, Lloyd Houston and Ed Rodeffer, the new business enterprise specializes in forced air heating, ventilation and contract service which they call "preventative maintenance." In other words, they not only talk about the weather—they DO something about it!

AL FOXTON

Foxton Chevron Service
115 West Sierra Madre Blvd.

IF YOU VISIT AROUND you may be surprised at the number of people who have come to Sierra Madre from Canada. Al Foxton, who has worked for the Standard Oil company for most of his life, is one of them. Before becoming an independent dealer for Standard Oil here, at Al Foxton Chevron Service, 115 West Sierra Madre Boulevard, he had worked for the Standard Oil company of British Columbia in Vancouver, his birthplace. . . . Most of Al's school years, including Junior College and business school, were in Fort William, Northern Ontario—where the cold of long winters made him especially appreciative of Southern California's climate during a visit to San Diego's World Fair in 1935. Later, after he received a permanent residence visa, he came back to stay in September, 1938. . . . While working for Standard Stations, Inc. in Los Angeles, he met a girl named Betty from San Bernardino whose mother had told her: "If you pick a Canadian for your husband, you'll always have a good man!" Was her mother prejudiced? Naturally! She, too, was a Canadian—from Prince Edward Island, on the far Atlantic coast! . . . Al and Betty were married June 23, 1941, and Al left Standard Oil in Decem-

ber, 1942, only because of the Army Signal Corps which he served in the South Pacific until January, 1946. Working with high frequency radio equipment, his stations included New Guinea, the Philippines, and the island of Shikoku, Japan. . . . After the war, he became a Chevron dealer for Standard Oil in Sierra Madre—which meant that he was in business for himself. Since that time, the Chevron station here has never been closed except at Christmas and Thanksgiving. . . . Besides gas, oil and complete lubrication service, Al's organization, which is now enlarging its space and facilities to serve twice as many customers, specializes in brakework, electrical repair and the sale of Atlas tires, batteries and accessories—to such an extent that Al won a 3-week trip to New York last October by placing first in a sales contest within the entire Los Angeles area! He and Betty, seeing New York for the first time, revelled in a round of theater-going, World Series games, and a visit in Washington, D.C., enroute home. . . . With David, 9, Elise, 4, and dog, Skippy, 3, their recreation includes China painting by Betty and piano playing by Al—who also coaches a baseball team in the Little Coast League.

TILLAMOOK'S BIG FIRE

On August 22 just 21 years ago a hot wind blew down into Tillamook County from the dry lands east of the mountains. It curled the needles of the giant fir trees like a blast from a furnace. The stage was set for one of the most disastrous forest fires in history.

A thin wisp of smoke grew into a terrifying atom-like cloud 9,000 feet high as the fire roared through almost 400 square miles of tinder-dry forest in 24 hours. Raging uncontrolled for 11 days, the fire destroyed over 500 square miles of timber, equal to the nation's entire cut of the previous year.

Sawmills were closed, men thrown out of work, watersheds and recreational areas destroyed, and income from taxes lost.

Protect our forests from fire!

Man Expresses God's Dominion, Sermon Says

The need to conform motive and act to the teachings of the Master in order to find and experience the joy of God's children is pointed out in the Sunday lesson-sermon on "Man" in all Christian Science churches.

The Golden Text from Genesis (1:27) declares, "God created man in his own image, in the image of God created he him."

Luke's Gospel (4: 38, 39) tells that when "Simon's wife's mother was taken with a great fever," Jesus "stood over her, and rebuked the fever; and it left her; and immediately she arose and ministered unto them."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "Divine Truth, Life and Love gave Jesus authority over sin, sickness and death. His mission was to reveal the Science of celestial being, to prove what God is and what He does for man." (p. 26).

AFRICAN VIOLET SOCIETY MONTHLY MEETING SEPT. 8

The San Gabriel Valley chapter of the African Violet Society will hold its regular monthly meeting Wednesday, Sept. 8, at 1 p.m., in the Knights of Columbus hall, 534 W. Howard St., Alhambra. The guest speaker will be William A. Warriner of the Howard and Smith Nurseries.

'Good News' Is Theme of Sermon Series

Redeemer Pastor Tells
Kingdomtide Topics

The Rev. Raynor Smith, minister of the Church of Our Redeemer, Methodist, says he had the thought in mind that good news is always welcome when he planned a series of sermons on the theme, "Good News" for the opening weeks of Kingdomtide.

The series which began last Sunday will continue through the month of September. This Sunday, Sept. 5, the sermon subject for the morning worship service will be, "The Good News of Action." Sermons for successive Sundays will be, "The Good News of Concern," "The Good News of Eternity" and "The Good News of Salvation." Each of these sermons, the minister states, is planned as a guide "to building a chapel in the soul and provide a key to radiant living."

The public is invited to attend all services at the Church of Our Redeemer.

The Rev. Mr. Smith also points out that "Christian education is the assurance of Christian citizenship." Children's attendance at church school each Sunday, he suggests, prepares them for victorious living. Redeemer church school classes for all ages meet Sundays at 9:30 a.m.

A school child's life may sometime depend upon you. Drive carefully.

BETHANY SENDS FOURTH COUPLE TO MISSION FIELD

The Missionary aim of Bethany Church has been further extended with the departure of the church's fourth missionary couple. A farewell program was held Tuesday night, Aug. 24, at which time Norman and "Toddy" Turner were commissioned for missionary service in Hong Kong under the "Voice of China and Asia" missionary board.

A reception for the couple attended by friends and relatives was held after the service.

Dr. Robert N. Schaper has been on vacation the past two weeks and is currently guest speaker for the Campus Division of the Los Angeles County Christian Endeavor at Tahquitz Pines. Upon completion of this week of meetings Dr. Schaper will resume the duties of his pastorate after a month long absence, and will be speaking at both services, Sunday, Sept. 5th.

The Answers to Everyday Insurance Problems—
By HARRY A. LANGE

QUESTION: Just how much Bodily Injury and Property Damage Insurance is a person supposed to carry these days in order to feel safe in driving?
ANSWER: Any competent insurance agent would want to know something of your individual circumstances before stating an exact amount. However the higher limits cost very little more than basic coverage which in these days doesn't give enough protection to anyone.

KIWANIS PROGRAMS FEATURE VACATION PICTURES, MUSIC

The Rev. Raynor Smith, minister of Church of Our Redeemer, Methodist, and Kiwanis Club member, showed fellow club members at a luncheon meeting Tuesday pictures he had taken of Grand Canyon and Bryce and Zion National Parks during his recent vacation.

Service club members last week enjoyed another of their favorite type warm luncheon programs—a musical one arranged by Dr. P. R. Woodworth. Dr. M. H. A. Peterson and his son, Bob, presented vocal and trombone numbers, respectively, and Gus Rihart of Altadena, formerly of Sierra Madre, demonstrated the number of interpretations that could be given to the same piece of music.

Local Masons Invited to Shrine Dinner

James W. Moore, worshipful master, and all other members of Sierra Madre Masonic lodge, are being specially invited to attend the "Masonic Night" program Sept. 9 of the Pasadena Shrine Club.

The speaker is a past master of Santa Ana lodge past president of the Southern California Inspectors Association, eminent grand sword bearer of the Grand Commandery Knights Templar of California, and is an active Shriner. Reservations may be made by calling SYcamore 7-7288.

Royal Drug Pharmacy Open 7 Days a Week

There are still seven days a week on the calendar of Sam Perloff's Royal Drug, in spite of mistakes made on the NEWS' merchant's page last week. The pharmacy is open from 9 a.m. to 9 p.m., Monday through Saturdays, and from 9 a.m. until 2 p.m. every Sunday.

Having stolen a day from that calendar, unintentionally, we hereby replace it with the greatest of pleasure.
